ABOUT JAGSOM

Jagdish Sheth School of Management (JAGSoM), originally established as IFIM Business School in 1995, has a rich history of providing innovative and globally recognized business education. It was rebranded in 2020, to honour the renowned global scholar and thinker, Professor Jagdish Sheth.

JAGSoM is among the select 15 business schools in India that hold the prestigious AACSB accreditation and are featured in the QS Global Rankings.

JAGSoM is known for its strong emphasis on grooming T-shaped professionals equipped with both depth and breadth in their chosen areas of specialization and offers a comprehensive portfolio of management programs, with a steadfast focus on innovation and global citizenship, JAGSoM is committed to developing future business leaders capable of creating positive societal impact.

The school operates from two campuses - Bangalore (flagship campus since 1995) and Greater Mumbai (started in 2019 at the Vijaybhoomi University), leveraging their strategic locations to foster close ties with industry leaders and enhance the educational experience through real-world engagements.

JAGSoM is ranked in the QS Business Masters Global Rankings 2025 in the 101+ Band for PGDM Marketing, 101+ Band for PGDM Business Analytics, and 151+ Band for PGDM Finance.

JAGSoM is ranked Number 2 amongst B-Schools in Bangalore. JAGSoM is Ranked All-India Number 9 for Future Orientation and Ranked All-India number 7 for Learning Experience by the Business Today – MDRA Business School India Rankings 2024.

JAGSoM is Ranked Number 10 amongst the Private Business Schools of India by the Education World India Private B-school Rankings 2024-25.

GLOBAL LEADERSHIP -

MESSAGE FROM THE CHAIRMAN

The next few years will be as formative in your life, as the first few years when you were born.

You will meet friends from all over the country. You will learn the subcultures of India that you never experienced before. You will make lifelong friends. Friends that will last longer than your college days. They will become your buddies, your advisors when you run into some challenges or crises. And that friendship will begin now.

You will be learning to be independent, and that will increase your self-confidence and self-esteem. Most importantly, you will have in the next few years a more holistic development in your life.

Learning basically how to empathize with people. And I stress empathy because there are two traits that are very important to human beings: passion and empathy. Passion is an innate characteristic; it is already within you. But empathy can be learned, and you must learn it.

I truly believe this institution will inculcate the attitude of empathy in you because holistic development is the most important part of JAGSoM's mission. The future belongs to you. And the future for you is very bright. The whole economy is shifting from low tech to high tech, and you are a part of that generation. So, your career path will be whatever you decide – whether you decide to be a business graduate with a major in Marketing or Finance or Analytics – it does not matter.

The opportunities for entrepreneurship will be large, and those opportunities will multiply by the time you graduate, and we will be more and more a Digital Age economy. All of this is great, of course. But at the same time, because you are from the privileged class, you have a responsibility to society. You must do your part and give back to the community. Because simply making money is meaningless and will leave you feeling empty inside.

So, you must start giving back to the community right away – you shouldn't postpone it till you have achieved all your goals and retired. Your time is now!

GLOBALLY RECOGNISED - CURRICULUM AND PEDAGOGY

JAGSoM's award winning curriculum and pedagogy, focused on creating new-age roles in new-age industries, involves an optimal mix of core courses, majors and minors, along with 'practice' courses to transform students to T-shaped professionals, and has earned various accolades on the international stage like the AACSB innovations that inspire.

Our curriculum and pedagogy rides on 8 pillars, which are given below.

Pedagogy of Learning & Solving:

Faculty from international partner schools and in-house faculty together mentor groups of participants to solve real-life business challenges.

Personality Enhancement Program:

A life-skill and lifestyle-oriented program that addresses issues of wellness and essential skills.

Mentoring: Corporate mentors guide students in goal setting and realization of their professional aspirations.

Effective Execution: Empowering students to tackle collaboration, conflict resolution, and efficient execution of key activities to meet critical milestones in institution-building.

Social Immersion Program: Students create sustainable solutions for social issues, advancing UN SDGs impact.

Research Incubation: Students learn business research methodology, receive faculty mentoring, and gain practitioner input to develop projects that result in publishable research papers or business ventures.

Design Thinking & Innovation Incubation: Cultivating an entrepreneurial mindset to equip students to solve business challenges with creativity and innovation.

Industry Internship Program: A 4 $\frac{1}{2}$ month industry internship program that reinforces application of the program to real-world jobs.

GLOBALLY ACCREDITED AND RANKED PROGRAMS -

PGDM General (Bangalore Campus)

The PGDM General program at Jagdish Sheth School of Management (JAGSoM) is the premier and flagship two-year, full-time, residential program designed for aspiring management professionals seeking comprehensive training in core business functions. Recognized for its strong emphasis on practical learning and career preparedness, this program equips students with the skills needed to excel in leadership roles across various sectors, including IT/ITES, Financial Services, Pharmaceuticals, Healthcare, BFSI, Consulting and the Automotive industry.

business today

B-School India Rankings 2024

WHY PGDM GENERAL?

Specially created for **Engineering and STEM graduates**

Career Acceleration Program (CAP): One of the program's highlights is the CAP, which tailors career development to individual strengths and aspirations. This initiative provides targeted training in essential skills, facilitating a smoother transition to mid-management roles in prestigious organizations. Deemed **Equivalent to an MBA** by AIU.

Flexibility and Specializations: Students can customize their learning pathways by selecting from specializations like Marketing, Finance, HR, and Digital Business & Analytics, ensuring alignment with career goals.

Rankings: JAGSoM's PGDM General program is part of a select group of AACSB-accredited B-schools in India and is ranked All India: No. 26 Overall, No. 7 for Learning Experience, No. 9 for Future Orientation. Study and network with industry in **India's tech-hub, Bangalore** at the No. 2 Ranked school in Bangalore after IIMB.

Strong Placement Focus: The program boasts a strong placement focus using the CAP in specific sectors like IT/ITES, Pharma, Healthcare, Automobile, BFSI, Consulting and Platform Companies.

Limited Seats. Applications close early.

WHAT YOU LEARN?

Curriculum: The PGDM General curriculum is carefully curated to balance theoretical knowledge with practical application. The program includes:

- Foundation Courses: Covering essential business management principles, including accounting, marketing, finance, and strategic management.
- Core Courses: Focusing on advanced topics like business analytics, operations management, and organizational behaviour.
- Specialization Electives: Allowing students to gain in-depth knowledge in their chosen domain, supported by industry-relevant case studies and projects.
- Workshops and Certifications: Complementing the coursework are specialized workshops that equip students with certifications and practical skills, making them industry-ready.

Experiential Learning: JAGSoM's PGDM General program integrates a robust experiential learning component:

- Industry Projects: Students engage with realworld business challenges through industrysponsored projects that offer hands-on experience.
- Internships and Capstone Projects: These critical elements bridge the gap between classroom learning and practical application, fostering a deeper understanding of business processes.
- Guest Lectures and Seminars: Regular interactions with industry leaders and visiting faculty help students gain insights into current trends and challenges in the business world.

WHAT SETS IT APART?

Leadership

Development: The program is structured to nurture critical thinking, problem-solving, and leadership capabilities.

Diverse Cohort:

With students from various academic and professional backgrounds, the program offers a rich learning experience and builds a well-rounded perspective.

Peer Learning

Environment: The residential nature of the program promotes collaboration, teamwork, and interpersonal skill development.

Bangalore Location

Advantage: The tech hub of India offers students unparalleled access to leading technology firms and start-ups.

Residential Program:

JAGSoM's Bangalore campus offers a dynamic PGDM program with top facilities, residential options, and vibrant campus life, fostering real-world readiness.

WHAT MAKES IT PREMIER?

Career Acceleration Programme (CAP)

The Career Acceleration Program for PGDM (General) students is designed to provide specialized career guidance, helping students secure placements based on their functional specialization—Marketing, Finance, Digital Business & Analytics, or HR—within key rapidly growing industries like IT/ITES, Electronic Services and Manufacturing Technology, Automobile, Healthcare & Pharma, Digital Platform Companies, BFSI, and Consulting. The program offers mentorship from industry leaders and equips students with the skills and network to land their desired roles.

Key Feaures

strategies.

Functional Specializations: Students can specialize in any of the following areas or a combination of these areas:

engagement, and organizational development.

Generalist.

BFSI Sector: Talent Acquisition, Talent Transformation, HR Generalist.

Consulting Sector: Talent Acquisition, Talent Transformation, HR Generalist.

Mentorship by Senior Executives

Students will be mentored by senior executives from their chosen industry and specialization.

These mentors will:

- · Provide industry-specific knowledge and insights into the role requirements.
- Help students refine their functional skills in line with industry demands.
- Offer personalized career planning and networking support to help students land roles that match their strengths and aspirations.

Expected Outcomes

The Career Accelerator Program aims to:

- Equip students with a deep understanding of their chosen specialization and its application in the real world.
- Enable students to accelerate their career growth through hands-on learning, industry insights, and expert guidance.

The Career Accelerator Program equips students with targeted skills in their specialization and industry of choice, helping them build a focused portfolio. This includes completed projects, research, and internships specific to their chosen industry, significantly boosting their chances of securing placements that match both their career goals and employer expectations.

GLOBALLY ACCREDITED AND RANKED PROGRAMS

PGDM Marketing (Bangalore Campus)

The PGDM Marketing at JAGSoM is a two-year, full-time program tailored for students passionate about building dynamic careers in marketing and brand management. With a curriculum designed to address modern marketing needs, this program blends traditional marketing strategies with new-age digital tools and technologies. JAGSoM's emphasis on experiential learning and real-world projects ensures that students are equipped with the skills necessary to thrive in roles related to MarTech, brand communication, and market strategy.

WHY PGDM MARKETING -

GLOBALLY ACCLAIMED - PRACTICE COURSES

Specific activities such as the Personality Enhancement Program (PEP), Outbound Leadership Lab (OLL), Social Immersion Program (SIP) and Effective Execution Committees (EECs) build character and bestow students with the strength to face adverse and ambiguous situations.

Learning by Solving - Requests for Problem (RFP)

Participants work on the 'Learning by Solving' projects from Industry to solve a problem related to the Target Role, Sector and Company.

Partners for Requests for Problem (RFP)

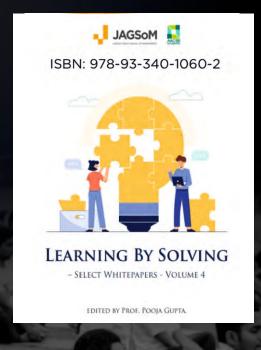

Outcomes

The Learning by Solving – Select Whitepapers Volume 4 Edited Book, authored by Dr. Pooja Gupta features chapter-by-chapter Learning by Solving – RFP projects, and was also unveiled on the Founder's Day.

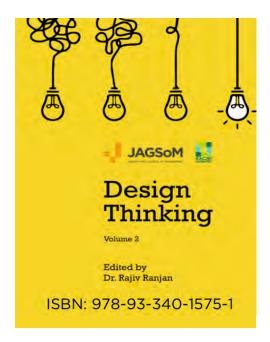

Design Thinking Program & Innovation Incubation Program

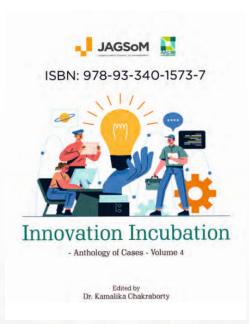

The Design Thinking course at JAGSoM is a practice course that precedes the Innovation Incubation and Research Incubation courses. JAGSoM students are coached to apply design thinking principles to solve business problems. The course culminated in the Design Thinking Exhibition (DTE) which was held in the JAGSoM campus on the 17th of February 2024.

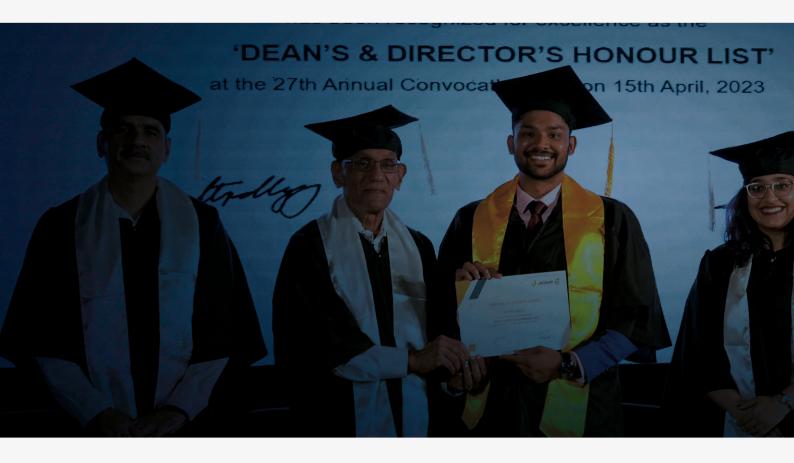

The Design Thinking – Volume 2 Edited Book, authored by Dr. Rajiv Ranjan is dedicated to addressing business issues through the use of the Design thinking principles. It features chapter-by-chapter solutions to various business problems in different sectors by utilizing the design thinking methodology.

The Innovation Incubation program at JAGSoM empowers participants to develop an entrepreneurial mindset and enables them to tackle business programs and challenging creativity and innovation.

The Edited Volume of Cases derived from student startup project ideas titled 'Innovation Incubation Anthology of Cases Volume 4' was compiled and edited by Dr. Kamalika Chakraborty, JAGSoM Faculty Member.

2. Social Immersion Program

All students are required to spend 15 days with an NGO of their choice to solve a problem plaguing various corners of our society.

1.Outbound Leadership Lab

Incoming students are sent to a 2 day leadership camp in the wilderness where the go through a battery of challenges to help them discover themselves and build-realworld skills.

3.Kanyathon

Every year, the students of JAGSoM host our flagship marathon called Kanyathon, that runs across 2 cities: Bangalore & Mumbai.

STUDENT EXPERIENCE & LIFE

As a student of JAGSoM, you can expect a diversity of experience throughout your academic life. Some key milestones of this experience are given below.

4. Vibrant Campus Life

Nestled in the heart of Bangalore and the outskirts of Mumbai, students at JAGSoM enjoy a very vibrant and diverse campus life with state-of-the-art classrooms, sporting facilities and labs.

5. Rich Cultural Exposure

At JAGSoM, we believe in rich cultural exposure for our students. Our faculty and students are always looking to celebrate the next festival.

INDUSTRY CONNECT AND CAREER SUCCESS

The placement process at JAGSoM is an engagement driven approach, unlike 'mela' driven placement followed by most B-Schools.

Students have found roles as Functional Consultants, Business Analysts, Market Research Analysts, Data Analysts, Digital Marketing & Social Media Analysts, Marketing Analysts, Financial Analysts, Financial Modelling across IT & ITES, Financial Services, Automotive, Banking, and Manufacturing sectors, among other sectors.

JAGSoM follows a two-pronged approach for enabling career success of its graduating students:

1. Inbound Placement

Companies are invited to participate in the recruitment process and select candidates from the pool of applicants, for different roles across specializations and career tracks.

2. Outbound Placement

Candidates are also encouraged to approach and engage with other companies directly for roles of their choice. On the flip side, companies can also identify individual candidates based on their specific needs. This matchmaking is enabled through a unique resource-the Career Track section of the website, where recruiters can search and find the right candidates/resumes - with filters like specialization, career track, role, undergraduate qualification, work experience, etc. - https://jagsom.edu.in/careertrack/. This microsite is also promoted through email campaigns to companies who do not wish to participate in campus placement and prefer a focused approach.

Placement of Class of 2022-24

Despite the year 2024 being a rough one for the recruitment of fresh graduates across industry sectors and institutes, the class of PGDM 2022-24 at JAGSoM was completely placed within three months of their graduation through both inbound and outbound placements, with the majority of the graduates achieving their aspired roles for which they had consistently prepared themselves by opting the role-defined career tracks, a unique and focused aspect of JAGSoM's pedagogy.

GLOBAL CONNECT AND PARTNERSHIPS

JAGSoM is building a portfolio of global partnerships through the development of sustainable and mutually beneficial alliances with highly regarded academic institutions. The AACSB accreditation helps JAGSoM in forging alliances with the best-known Business Schools in the world.

Partners - Term Exchange for PGDM/MBA

IMPACT ON BUSINESS & SOCIETY -

Developing social responsibility and enhancing the social awareness quotient of students. The Social Immersion Program (SIP), a unique initiative, sensitizes students to the needs of the community and enables them to identify and address social problems through field exposure. Students learn to design solutions for social problems through a Techno Economic Viability (TEV) study, thereby enabling sustainable socially positive and measurable impact on seven UN Sustainable Developmental Goals (SDGs).

STUDENT TESTIMONIAL -

I picked JAGSoM because of its solid academic standing and emphasis on creating employable, industry-ready skills that complement career goals. The time I've spent at JAGSoM has changed my life. The faculty members are outstanding; they consistently create a learning atmosphere that promotes creativity, critical thinking, and problem solving. My experience has been solid and goes beyond academics.

Sivaraman S, JAGSoM PGDM student (2024-26).

My experience at JAGSOM has been nothing short of shaping up as a corporate commando. The rigorous academic curriculum and the constant effort to meet deadlines not only geared me up for the challenges of the corporate world but also engraved in me a strong work ethic and pliability. The best combination of the guidance and training I have received, which has embellished my preparation to get placed in a top-tier company. JAGSoM's commitment of shaping me into a professional is absolutely worth appreciating.

Ranit Mukherjee, JAGSoM PGDM student (2023-25).

JAGSoM's blend of academic excellence, leadership development, & practical industry exposure drew me in. My experience here has been transformative, with knowledgeable faculty fostering critical thinking and innovation. The curriculum combines theory with real-world applications, building confidence & problem-solving skills. Beyond academics, programs like PEP & extracurricular activities have enhanced my personal growth, communication, and leadership the holistic approach prepares us for both career success & life challenges.

Sakchi Suryavanshi JAGSoM PGDM student (2024-26).

ADMISSION PROCESS

Application Process

Aspirants from various sources need to visit our website (program application landing page) to begin the application.

Aspirants are required to complete the online application form by providing their personal, academic and other necessary details sought in the application form and pay the required application fee before the application closing date.

Aspirants have an option to apply for the other full-time postgraduate programs of JAGSoM within the same application form without paying any additional fee.

Admission Process

a) The ASP across programs comprises the following steps, **except that the PGDM** General applicants are not required to appear for JAGMAT:

- JAGSoM Management Aptitude Test (JAGMAT)
 Psychomertric Test and Profiling (PTP)
- 2 Admission Selection Process (ASP) Registration
- Personal Interview (PI) by a three-member panel Interaction with the Program Chair (if required)

b) Details of Step 1 - JAGMAT and PTP:

Post the receipt of the completed application form and application fee, and subject to them fulfilling the eligibility criteria:

b.1. For programs other than PGDM General, shortlisted candidates who have not taken any of the entrance exams mentioned in the eligibility criteria, receive a notification to appear for JAGSoM Management Aptitude Test (JAGMAT).

- **b.1.1** JAGMAT is an online proctored Computer Based Test (CBT), conducted on a weekly frequency by JAGSoM.
- **b.1.2** JAGMAT comprises of 3 sections, which are English Language Proficiency (ELP), Quantitative Aptitude (QA) and Logical Reasoning (LR). Each section will be of 25 marks summing to 75 marks. There will not be any negative marking. Duration of the test will be 90 minutes.
- **b.1.3** A candidate can take a maximum of two attempts at JAGMAT and the best score among the two shall be considered.
- **b.2**. All shortlisted candidates receive an email notification containing a link to take the JAGSoM prescribed **Psychometric Test**.
 - **b.2.1** A psychometric test is an activity or assessment that is conducted with the purpose of examining individual strengths, weaknesses, inclination and ability that may impact a candidate's suitability for a domain of study or a career path.
 - **b.2.1** The JAGSoM prescribed Psychometric Test assesses the candidate's skills and competencies from business education suitability perspective and provides the results in the form of a Psychometric Profile, based on which the suitability of a candidate to a particular program of business studies may be indicated.
 - **b.2.1** The candidate will benefit by giving this test as the candidate will receive her/his psychometric profile and the candidate can use the same to choose a career befitting their profile.

c) Details of Step 2 - ASP Registration:

- c.1. After having appeared for JAGMAT and/or taken the Psychometric Test, the candidates receive a notification for confirming a slot for the Admission Selection Process (ASP) for the program/s they have applied to. The ASP slots across multiple Indian cities are published in advance to choose from.
- **c.2.** Applicants are required to confirm their ASP slot within the provided timeline, after which they receive an ASP slot confirmation on their registered email id along with the ASP details.
- **c.3.** Candidates after having received an ASP slot confirmation email, are required to report for the ASP 15 minutes prior to their confirmed slots as communicated in the ASP slot confirmation email.

- d) Details of Step 3 Personal Interview (PI):
- **d.1.** Each candidate must appear for a Personal Interview for assessing the Value Fit of the candidate with the institute.
- **d.2.** The panel for the PI shall comprise one faculty member, one industry professional/one alum. The duration of PI per candidate is around 15-30 minutes.
- **d.3.** After the PI with the panel and if selected, an interaction with the Programme Chairperson will be required. This interaction could be face to face or online and will be held on the day of the ASP.
